

LUL - National Rail Station Agreements map for JNP group

showing interfaces with
 ● Railtrack and
 ● Train Operating Companies

NB: At each interface only TOCs with an Agreement with LUL are shown although other operators may be present.

For information on station agreements contact Roy Parsons NRIM Stations 41893. Produced by the National Rail Agreements Team, Contracts Directorate, August 2002. Additional copies of this map may be obtained from the NRA Team (Auto 40034).

Key to station agreements

- London Underground owned stations
 - Line operating station
 - Train operating company (TOC) using LUL station facilities*
 - Railtrack owned stations
 - Railtrack owned line and station Station facility owner (SFO)*
 - The SFO is the TOC shown but LUL owns part of the station and has a staff presence
 - The SFO is LUL but there are Railtrack facilities and/or TOC staff present
 - Section 12 station
 - Links to Heathrow Express
 - Station Interface with national network is managed by another Service Delivery Unit
- Advertised interchanges
- RT(MS) Interchange with national railway network at adjoining premises
 - T-LINK Interchange with national railway network at nearby premises

*see key to train operators opposite
